## 1. Introduction

At Thrivlabs ("we," "our," or "us"), we are committed to protecting your privacy. This Privacy Policy explains our practices regarding the collection, use, and disclosure of information through our website and the apps and websites we develop for our customers (collectively, our "Services").

## 2. Information We Do Not Collect

We want to be clear that Thrivlabs does not collect, store, or process any personal information from users of our Services. This includes, but is not limited to:

- Personal identifiers (e.g., name, email address, phone number)
- Device information
- Location data
- Usage data
- Cookies or tracking technologies

## 3. How We Operate Without Data Collection

Our business model is focused on providing high-quality app and website development services without the need for user data collection. We achieve this by:

- Developing standalone applications and websites that function without requiring user information
- Avoiding the implementation of analytics or tracking tools in our products
- Not using third-party services that might collect user data

## 4. Third-Party Services

While we do not collect data ourselves, please be aware that our customers (for whom we develop apps and websites) may implement their own data collection practices. We encourage you to review the privacy policies of any apps or websites you use, even if they were developed by Thrivlabs.

## **5. Data Security**

Although we do not collect personal information, we still maintain high standards of security for our own systems and the products we develop. We implement industry-standard security measures to protect against unauthorized access, alteration, disclosure, or destruction of data.

## **6. Children's Privacy**

Our Services are not directed to children under the age of 13, and we do not knowingly develop apps or websites intended for children without ensuring full compliance with children's privacy laws.

## **7. Changes to This Privacy Policy**

We may update this Privacy Policy from time to time. We will notify you of any changes by posting the new Privacy Policy on this page and updating the "Last Updated" date.
